

COLORADO INSTITUTE FOR NEUROMUSCULAR AND NEUROLOGICAL DISORDERS

Checklist for **Established Patients**

Please bring the items below to your appointment. **We cannot see you without them.**

- Insurance card(s) and a photo ID to confirm your identity.
- Method of payment for any applicable charges. We accept credit cards (Visa or MasterCard only), debit cards or cash. **Checks are not accepted.**
- List of current medications. Please include the name, strength (e.g. 25 mg) and how you take each medication (e.g. 2 pills by mouth three times per day). Include any over-the-counter, non-prescription or homeopathic medications, and any vitamins or nutritional supplements.

If you had diagnostic test results (MRI, EEG, EMG, labs, etc.) were **completed outside of Longmont United Hospital**, or if you have medical records elsewhere that are applicable to your appointment, please bring them to your appointment or arrange for them to be forwarded to the office prior to the date of your visit. For radiographic studies such as MRI, CT or X-ray, if the studies were **performed at a facility other than Longmont United Hospital or Twin Peaks Imaging**, please bring the actual films to your appointment, as well as the written reports if you have them.

Patients being evaluated for any type of memory loss (including memory loss resulting from seizures or dementia), or other cognitive problems, should have a reliable family member, caregiver or other adult attend their appointment to provide necessary medical information.
